**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE FOR EACH  
MAJOR FEDERAL PROGRAM AND STATE PROJECT AND ON INTERNAL CONTROL  
OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE AND CHAPTER 10.550,  
RULES OF THE AUDITOR GENERAL**

Honorable Board of County Commissioners  
Escambia County, Florida

**Report on Compliance for Each Major Federal Program and State Project**

We have audited the compliance of Escambia County, Florida (hereinafter referred to as "County"), with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) *Compliance Supplement*, and the requirements described in the State of Florida Department of Financial Services' *State Projects Compliance Supplement*, that could have a direct and material effect on each of the County's major federal programs and state projects for the year ended September 30, 2016. The County's major federal programs and state projects are identified in the summary of auditor results section of the accompanying schedule of findings and questioned costs.

***Management's Responsibility***

Management is responsible for compliance with federal and state statutes, regulations, and the terms and conditions of its federal and state awards applicable to its federal programs and state projects.

***Auditors' Responsibility***

Our responsibility is to express an opinion on compliance for each of the County's major federal programs and state projects based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance); and Chapter 10.550, *Rules of the Auditor General*. Those standards, the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program or state project occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program and state project. However, our audit does not provide a legal determination of the County's compliance with those requirements.

### ***Opinion on Each Major Federal Program and State Project***

In our opinion, the County complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs and state projects for the year ended September 30, 2016.

### **Report on Internal Control over Compliance**

Management of the County is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the County's internal control over compliance with requirements that could have a direct and material effect on each major federal program or state project to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and state project and to test and report on internal control over compliance in accordance with the Uniform Guidance and the Florida Department of Financial Services *State Projects Compliance Supplement*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

*A deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program or state project on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program or state project will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program or state project that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of the internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

### **Report on Schedule of Expenditures of Federal Awards and State Financial Assistance Required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General***

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Escambia County, Florida, as of and for the year ended September 30, 2016, and the related notes to the financial statements, which collectively comprise the County's basic financial statements. We issued our report thereon dated February 24, 2017, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards and State Financial Assistance is presented for the purposes of additional analysis as required by the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*, and is not a required part of the basic financial statements.

Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards and State Financial Assistance is fairly stated in all material respects in relation to the basic financial statements as a whole.

### **Purpose of this Report**

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and Chapter 10.550, *Rules of the Auditor General*. Accordingly, this report is not suitable for any other purpose.
